

Learn the application and benefits of Parenteral IV Micronutrients including Minerals, Vitamins, Amino Acids, Botanicals, Glandulars, Hydrogen Peroxide, DMSO, MSM and numerous other protocols.

This 4-day course is designed for Naturopathic Doctors, Medical Doctors, Osteopathic Doctors, Registered Nurses, Medical Students and other medical professionals.

Brought to you by the CNDA in partnership with IV Nutritional Therapy for Physicians, IVNTP has presented IV micronutrient seminars in Oregon, Washington, Arizona, New Hampshire, Connecticut and Ontario, Canada. Our instructors have a total of more than 50 years in combined IV administration experience.

For more information on IVNTP visit www.ivnutritionaltherapy.com

" I do more than \$5,000 a month in IVs at my practice. It's a great service to be able to offer my patients and I see tremendous results from IV therapy in a wide range of conditions."

IV Nutritional Therapy Seminar

The education of Parenteral Micronutrient Products is provided in the format of a lecture and clinical laboratory experience. This is a comprehensive 4-day seminar focusing on:

The Fundamentals of IV Micronutrients

This seminar offers rationale, understanding and competency in IVNT, guidelines in dealing with complications and emergencies within the office setting and key concepts of IV therapy and IV equipment. As well, the program provides opportunities for proficiency in preparations of admixtures and the administration of these solutions.

Clinical Applications of Parenteral Products

This is an ideal course for those wanting to increase their understanding of the fundamentals of intravenous nutritional therapy. Amino Acids, Botanicals, Glandulars, Hydrogen Peroxide, DMSO, MSM, Alpha Lipoic Acid, Phosphatidylcholine and numerous other protocols are presented.

IV Micronutrient therapy supports conditions such as fibromyalgia, chronic fatigue syndrome, cancer, autoimmune disease, lyme disease, chronic pain, IBS, PMS, infections (bacterial, viral, fungal), mercury toxicity, hypertension, atherosclerosis and many more.
