

Learn the Most Effective and Current Application of EDTA, DMPS, DMSA and Complementary Treatments in Clinical Chelation

This 2-day chelation seminar is for physicians who are well educated in the nutritional, naturopathic or alternative approach to health care. Designed after the ACAM/IBSCT but with a greater perspective, the next step up to understanding EDTA and the chelation process.

This seminar meets all education requirements for Naturopathic Physicians desiring to perform chelation therapy.

Accreditation

This 2-day seminar meets all education requirements for Naturopathic Physicians desiring to perform chelation therapy. The seminar qualifies for up to 12 Category C Continuing Education hours for Naturopathic Physicians licensed in the province of British Columbia. Other health care professionals may claim this activity in accordance with the criteria established by their regulatory College.
