

# INNOVATION COMPOUNDING

CUSTOM MEDICATIONS. OPTIMAL OUTCOMES.

The Innovation Compounding Quality Assurance (QA) Team conducts comprehensive and extensive quality assurance and control measures to ensure that patients receive the highest quality and safest product possible in the industry.

**Our pharmacy holds licenses in 46 states across the U.S., satisfying each State Board's rules for compounding and dispensing products.** Our Doctor of Pharmacy Team members are involved in many local, state, and national associations and remain current with healthcare and pharmacy intelligence. We take pride in our compounding process and strive to set the bar for best practices.

## PCAB ACCREDITED®

The Professional Compounding Accreditation Board (PCAB), a division of ACHC, certifies Innovation Compounding as meeting their highest standard for both sterile and non-sterile compounding, according to USP guidelines.

## ALLIANCE FOR PHARMACY COMPOUNDING MEMBERS

The Alliance for Pharmacy Compounding (formerly IACP) is an association representing more than 4,000 pharmacists, technicians, students, and members of the compounding community who focus on the specialty practice of pharmacy compounding.

## OUR THERAPIES

We offer sterile and non-sterile compounds to treat complex conditions and unique disease states. Our specialties include formulations for:

Women's Health	Allergy Testing & Treatment	Dermatology & Cosmeceuticals
Men's Health	IV Nutrition Therapy	Ocular Health
Sexual Health	Weight Loss Support	Dental Health
HRT & BHRT	Pain Management	

## QUALITY YOU CAN TRUST

We take pride in our compounding process and strive to set the bar for best-practices through:

- the use of only pharmaceutical-grade chemicals (USP, NF equivalent) from FDA-registered suppliers.
- performance of all required testing on each log of products compounded.
- timely completion of orders; shipping to 46 states including D.C. and the U.S. Virgin Islands.
- extensive clinical research; development of formulations according to recent literature.
- free e-prescribing systems to order, track, and manage medications and reduce errors.
